

A new
way to

manage
your world.

Gilbarco® Passport® Point of Sale

Today's convenience store environment has more challenges than ever — more items, more programs, more components. And it's important to choose a POS system that brings it all together.

Gilbarco Veeder-Root's Passport POS system is your connection to a more convenient, more secure, more profitable future.

Passport provides:

- > **Superior usability** with an intuitive, intelligent touch-screen interface that dramatically reduces training time, errors and shrinkage.
- > **Seamless connectivity and standardization** with more dispensers, components and locations, using PCATS industry standards for device integration.
- > **Powerful business information and security features** through dynamic reporting and tracking mechanisms.
- > **Sophisticated business growth tools**, including fuel discounting, the industry's leading digital merchandising, forecourt and CRIND® control capabilities, and additional profit center management.
- > **Easy expandability and maintenance** — Passport's modular structure and optional software maintenance agreements mean you can buy only what you need today and expand as your business requirements evolve.

Technology with a human touch.

Superior usability

- > Intelligent touch-screen technology constantly adapts to simplify transactions
- > Customizable positions & images for speed keys
- > Key layout customizable for each user (right-handed or left-handed)
- > Easy operation of unique profit centers such as car wash and QSR (Quick Serve Restaurants)
- > Different speed keys for different times of day

Seamless connectivity and standardization

- > Gilbarco® Wayne® and Tokheim® dispensers
- > CRIND (without a pump control box)
- > Cash Acceptors
- > Security cameras
- > Car wash
- > Mannatec/CFN fleet networks
- > Kitchen monitors
- > Loyalty application programming interface
- > Price Sign interface
- > Simplified multi-site management with sophisticated extraction tools

- > ACH (NPC) to reduce card fees

Powerful business information and security features

- > Real-time reporting
- > Electronic journal captures every keystroke at every register
- > Detailed tracking of safe drops and fuel inventory
- > Tiered security groups define user access and tasks based on employee functions
- > Real-time security camera interface
- > Blind balancing forces cashier to balance the till without knowing how much cash should be in the drawer
- > Cashier statistics give you more control
- > No sale, void, price override tracking with reason codes
- > System exceptions reports

Sophisticated business growth tools

- > Dual PPU for cash/credit pricing
- > Card based loyalty accounts
- > Partial unattended operation

- > CRIND merchandising
- > Fuel discounting by card type, car wash and cash
- > Additional promotion types, including mix & match and combo
- > New ways to maximize profit centers such as QSR through register groups

Easy expandability and maintenance

- > Add-on software modules to grow with your business
- > 24/7/365 support at any location from our remote help desk
- > Remote diagnostics and repair resolve up to 90% of problems without an on-site service call
- > Comprehensive service offerings
- > Software maintenance agreements include annual updates to the newest, most powerful technology
- > Supported by the industry's strongest service organization and most comprehensive warranty

Passport® Specifications

Hardware:

- > Intel® Pentium 4 2.6GHz (or higher)
 - Socketed processor
 - 400 MHz system bus
- > System Memory
 - 1 GB DDR SDRAM standard on PS52 server
 - Upgradable to 2 GB
- > Dual 80GB HD on PS52 server
- > SoundBlaster™ compatible integrated 56K RAS modem
- > Integrated 52x32x52 CD-RW
- > Tri-fan positive pressure cooling system
- > 300 W Universal power supply

15" LCD Touch Screen:

- > Five-wire resistive
- > Dual bulb
- > Integrated stereo speakers

I/O Connectivity:

- > RS-232 ports (2)
- > USB ports (4)
- > PS/2™ Keyboard and mouse ports
- > Parallel port
- > 10/100Mb Ethernet LAN
- > 8-port USB/RS232 Converter (upgradable to 16 ports)
- > Linksys® Etherfast® 8-port cable/DSL Route

Environmental Specifications:

- > Operating range: 41°F – 113°F (10°C – 40°C)
- > Relative humidity: 20–95% non-condensing

Dimensions and Weight:

- > Dimensions - 18.30"L x 7.70"W x 16.70"H
- > Weight — 26 lbs.

OPOS Compliant Peripherals:

- > PIN Pad with 2-track MSR
- > Optional Gilbarco® RFID reader
- > 2 x 20 customer display
- > Epson® Thermal Receipt Printer
- > Epson® Impact Network Journal
- > OKI® Digital LED Report Printer
- > APG Cash Drawer
- > Metrologic® scanner

Gilbarco Forecourt Control:

- > LAN connectivity for Gilbarco
- > Fault tolerant forecourt control
