ScannerWare Reports

This booklet is a sample of some of *ScannerWare*™ for Windows more popular reports. *ScannerWare*™ for Windows generates more than one hundred twenty (120) of helpful reports designed to provide clear and concise information to control your business. Unlike other industry applications, Success Systems products retain all prior detailed activity. In the event that you ever need to re-visit any prior activity, it is available by selecting that date, or range of dates.

In General, all reports when applicable are available in the following format:

- User defined Date Range
- Full Color Graphical Representations
- Classic Text Format
- On Screen Viewing
- Compatible format for all Microsoft Windows Printers

ScannerWare™ for Windows Is a fully compliant Microsoft Windows based application. Using back up copies of *ScannerWare*™ for Windows data, a user familiar with report generators (i.e. Microsoft Access, and Excel) can create custom ad-hoc reports.

For further information about specific reports or any other Success Systems® products please contact your authorized distributor. Or call us at:

(800) 653-3345

Reports Menu

ScannerWare's Reports

ScannerWare offers three categories of standard reports in the Reports Menu. This menu provides a number of options for analyzing sales and performance of stores over a specified time range or shift.

- **Shift Reports:** present sales or inventory information for a specific shift or day.
- **Historical Sales:** present sales analyses for fuel, scanned items, PLUs and general business information.
- **Performance:** present merchandising analyses for inventory sales, employees and islands/grades.

Location

Go to Reports Menu, on the Historical Sales section click on  Cash Drawer

Properties

The Drawer Report presents a summary of units and dollars sales by inventory class, cash balance and over/short totals. It shows concise department information, daily or by user selected dates.

- 1 Designated date range for the drawer report
- 2 Summary of units and dollars sales by department
- 3 Summary of cash balance
- 4 Over/short total

Location

Go to Reports Menu, select a date range and click on  button on the Historical Sales section.

Properties

The Daily Checkout Summary Report presents a summary of units and dollars sales by categories. It shows percentage of sales for each department by day and a range of days.

- 1 Designated date range for the daily checkout report
- 2 Daily units and dollars sales by category
- 3 Percentage of sales for each department
