

books

ePB Books™ is the most cost conscience, secure, true web based application that lets users access and review store(s) sales, invoices and manage product pricing, promotions and inventory. Users have the flexibility and freedom to do any task anytime, anywhere without having a PC at the store(s).

### Top Features

- Manage store(s)'s price book on-site or remotely by item, group, department, zone and vendor
- Promotion may be automatically scheduled and discontinued by day of the week or time of the day
- Receive electronic invoices from your wholesalers that will automatically alert you to new items or changing costs
- Global price changes by creating customized groups
- Control inventory at the item level per store
- Print barcodes and shelf labels with item description, UPC, effective date and retail price
- Perform store's daily reconciliation per shift or day and audit POS transactions
- Manage the store's lottery department by reviewing sales and controlling lottery inventory

### Key Benefits

- **Increase each store's profit by more than \$30,000 per year\*\***
- **Better control of your margins and profitability** - Eliminate cashier ring errors, reduce cashier training time by up to 50% or more and minimize shrinkage to less than 1%
- **Improve store's performance** - ePB Books is a great tool that help users spot sales trends, get better purchase power, determine best and worst selling items
- **Low investment** - ePB is a very affordable web based store automation solution
- **Remote access of the store's operations** - A true *thin client*. Review and control your store prices, invoices and inventory from any PC with Internet access
- **Easy to use** - manage the store prices easily without the worry of clerks making mistakes
- **Electronic tie-in** - receive electronic invoices from the store's wholesalers
- **Web reporting** - automatically receive access to system reports any time you access the Internet

### Affordable

- Complete price book systems are less than \$2,000
- No long term commitment

### Easy to Use

- Intuitive application
- On line help files
- 800 Help Desk

### Flexible

- Access through any PC with Internet
- 4 levels of service: Lite, Premium, Books, Accounting

### Secure

- .NET Microsoft platform
- Individual user passwords
- Track user changes
